

COX AND ROOSEVELT TO MEET PRESIDENT

CAMPAIGN PLANS TO BE DISCUSSED AT WHITE HOUSE

Conference Is Arranged
For Next Sunday Morn-
ing At 10:30 O'clock

WOMEN WILL SEE COX

Deputation of National Woman's
Party Will Meet With Nom-
inee Friday Afternoon

Washington, July 13. — Pres-
ident Wilson will meet Governor
James M. Cox and Franklin D.
Roosevelt, Democratic presiden-
tial and vice presidential nomi-
nees, Sunday, for the first time
since the candidates were chosen
at San Francisco.

The conference will be held at
the White House to discuss plans
for a vigorous campaign. It was
arranged today by Governor Cox,
who called the White House on
the telephone from Columbus, to
ascertain what day within the
next week would be most suitable
for a meeting. The message was
conveyed to Mr. Wilson and the
answer went forward speedily that
Mr. Wilson would be delighted to
see the Governor and also Mr.
Roosevelt Sunday morning at
10:30 o'clock.

While it was stated that the Pres-
ident had no particular choice as to
the date, it was explained he consid-
ered Sunday more suitable as it would
enable the Governor to come here and
return home in time to keep engage-
ments with party leaders on Monday.

Cox and Wilson Far Apart?

Party leaders declared today there
was no foundation for statements that
the President and Governor Cox were
"far apart" on the league of nations.
They said it was not natural that the
Governor should desire to exchange
views with the President on this and
many other questions before beginning
work on his speech of acceptance.

Women to Meet Governor Cox.

Columbus, Ohio, July 13. — A de-
putation of the National Woman's party
will confer here with Governor James
M. Cox, Democratic presidential can-
didate, at 2 o'clock Friday afternoon
prior to his departure for Washing-
ton, where he will see President Wil-
son Sunday, it was announced today.

Women's party leaders also announced

that a similar deputation from their
organization is expected to be receiv-
ed by Senator Harding, the Republi-
can presidential nominee, in Marion,
Ohio, immediately following the of-
ficial notification ceremonies there.

According to Governor Cox, the conference

with President Wilson at the
White House Sunday morning, in
which Franklin D. Roosevelt, the vice
presidential nominee, also will partici-
pate, is the only political conference
he will have while in Washington. It
had been suggested that his arrival
there Saturday morning might permit
other conferences, but the presidential
nominees asserted his only reason for
leaving Columbus Friday night, which
will put him in Washington a day
early, was because of "indefinite train
service" and a desire to be there on
time.

May Talk Over League.

Governor Cox would not predict
what matters will be discussed at the
conference. The Governor, however,
indicated in Dayton last week that he
expected to confer with the President
on the league of nations issue before
preparing his official notification
speech.

The Governor stated today that he

expected the date for his official noti-
fication to be fixed by the National
Committee at some time between
August 1 and 10, and that it probably
will be at his home, Trail's End, at
Dayton.

that at the point. We have a platform
that you can talk a lot about."
William Green, international sec-
retary-treasurer of the United Mine
Workers of America, was one of the
Governor's callers this afternoon. The
Governor stated that Mr. Green's call
was only to extend congratulations.
Another caller was John Henneley of
New York, a member of Tammany
Hall and a neighbor of Charles Mur-
phy. Mr. Henneley said Tammany is
strong for Governor Cox.

Roosevelt Given Real Welcome By Home Folks

Hyde Park, N. Y., July 13. — Frank-
lin D. Roosevelt, Democratic vice pre-
sidential nominee, was given a noisy
and affectionate welcome by his town-
people here today upon his arrival
from San Francisco. Democrats and
Republicans alike joined in paying
tribute to the "native son" who has
brought both honor and shame to
Dutchess county, his ancestral home.
Mr. Roosevelt, deeply touched by
the greeting which he received, in-
formed his neighbors that the cere-
monies attending his official notifi-
cation of the nomination will be
held here the first week in
August. The exact date will be de-
termined at a meeting of Democratic
leaders in Dayton, Ohio, early next
week.

Met by Reception Committee.

The nominee arrived here shortly
after 5 o'clock on the Knickerbocker
express, which was flagged at the vil-
lage railroad station. He was met by
a reception committee which con-
sisted of Mayor Ralph F. Butts of Pough-
keepsie and former State Senator
Thomas Newbolt, Democrats, and Su-
preme Court Justice Joseph Mor-
chauer and William A. Adriance, Re-
publicans. A string of naval flags,
and pennants stretched across the
roadway immediately attracted the at-
tention of the assistant secretary of
the navy as he stepped from the train.

"Look at the navy flag! This is a

real naval reception," he exclaimed.
Mr. Roosevelt and members of his
party were then taken in automobiles
to Spring Wood, the Roosevelt home,
where a village band and several hun-
dred villagers were lined up at the
gate. They formed a procession and
escorted the nominee to the house,
where he greeted his mother, Mrs.
James Roosevelt, and a number of in-
timate friends.

Former Senator Newbolt then led
Mr. Roosevelt to the front veranda
and presented him to his neighbors
with the brief introduction, "Here's
our boy."

Roosevelt Responds to Greetings.

"Neighbors! I am more moved by
this than by anything else in my life,"
declared Mr. Roosevelt. "I am more
moved than I was in the San Fran-
cisco convention where the unexpected
happened. And the unexpected did
happen at the last minute."

"I was sent from the floor of the

convention to meet a man under the
speaker's platform. The man whom I
was supposed to meet was not there.
Someone rushed up to me and said,
'They are nominating you.' I replied,
'Quit your kidding.' No one was more
surprised than I to get the vice pre-
sidential nomination."

"I want to tell you from the bottom
of my heart that my success is due to
the association with the good old stock
of Dutchess county and the straight-
thinking people I have been brought
up with. That has given me the in-
spiration to do everything I've done."

"We are going to carry this cam-
paign into every state of the union.
We believe that is the square Demo-
cratic and Republican way of doing
things."

"About the first of August, a most
extraordinary thing is going to hap-
pen here. They are going to notify me
of my nomination for the vice presi-
dency and my strongest inclination is
that I'll accept. The leaders of the
national party will be here, but the
thing that will count most will be your
presence. I hope you will be here to
help me through with it. I need all the
help I can get. I don't need votes. I
need your moral support."

Democrats Work in Open.

"There is one thing that I want to
tell you, and that is that the National
Democratic convention was run in the
open. All my life I have tried to do
things in the open, where everybody
could see and where nothing was con-
cealed. That was the spirit of the con-
vention and I hope that will be the
spirit of the campaign. I hope that
there will be no mud slinging, and
that the issues will be presented fully,
clearly and honestly."

After he had completed his address

Mr. Roosevelt was besieged by his
neighbors who pressed forward to
shake his hand. One of the first to
speak was "Charlie" Green, who
greeted him with the fact that he
proudly boasted of the fact that he
had voted the Democratic ticket since
1850. Scattered among the crowd were
delegations from the local and Pough-
keepsie lodges of Elks Odd Fellows,
State Grange, and numerous other or-
ganizations.

Mrs. Eleanor Roosevelt, wife of the
nominee, who has been spending her
vacation with her five children on
Campobello Island, off the coast of
Maine, arrived here after a hurried

24 hours' railroad ride shortly before
7 o'clock—too late to take part in the
village home-coming. After a brief
rest, however, she joined her husband
and took part in the parade through
the streets of Poughkeepsie, which
gave the candidate a rousing welcome.

Poughkeepsie Welcomes Him.

Two bands, delegations from sev-
eral fraternal orders, and several
score automobiles, formed a proces-
sion at the boundary line between
Hyde Park and Poughkeepsie and es-
corted the Vice Presidential nominee
through the streets of the city to East-
man park, where a public reception
was held in his honor. Thousands of
cheering citizens, carrying a variety
of American flags, lined the
streets. The ringing of church bells,
the shrieking of whistles on factories
and river craft, and the sounding of
auto horns, added to the din of the
greeting.

At Eastman park, Mr. Roosevelt
virtually repeated the address he had
made to his neighbors a few hours be-
fore. He added, however, that credit
for his nomination was due to two
Poughkeepsie friends, John E. Mack
and Thomas Lynch, who were mem-
bers of his party on the trip to the
convention and who lost no opportu-
nity to boost him.

Tomorrow, Mr. Roosevelt will spend
quietly at his home here. Tomorrow
evening, he will leave for New York
and spend the night at his mother's
home there. Thursday, he plans to
attend the opening race of the inter-
national yachting contest. He will
leave for Washington at midnight
Thursday and start cleaning up his
work at the navy department.

On Sunday, Mr. Roosevelt plans to
confer with President Wilson and
James M. Cox, Democratic Presiden-
tial nominee, at the White House.
Monday, he leaves for Dayton to at-
tend a meeting of Democratic leaders
who are to decide upon a date for the
notification ceremonies and make ten-
tative campaign plans.

"FIGHTING PRIEST" ROUTS THREE MEN ASSAILANTS

New York, July 13. — Rev. Nicholas
Pidhorecki, pastor of the Greek Cath-
olic church of St. George, today proved
himself a fighting priest when he
routed three men armed with pistol
and knives, who attacked him in his
home.

His assailants, two of whom were
arrested, are believed to have been
seeking revenge for recent sermons in
which he severely criticized the Bol-
shevist movement in Russia.

During the scuffle one of the in-
truders is alleged to have fired at the
priest, who struck the muzzle of the
weapon with his hand, causing the
bullet to enter the shoulder of the man
who fired the shot. He also knocked
out another assailant, but the third
man escaped before the police arrived.
The priest was knocked down three
times during the fight.

DEMOCRATIC CONVENTION AT SARATOGA AUGUST 3

Albany, July 13. — Formal notifi-
cation that the unofficial Democratic
state convention will be held in Con-
vention hall, Saratoga Springs, Aug-
ust 3, was sent out today by the
Democratic State committee head-
quarters here.

The purposes of the convention, the
call states, is to adopt a party plat-
form, recommend to the enrolled Dem-
ocratic electorate of the state for nom-
ination at the official primary election,
candidates for all state offices, and
transacting other business "as may
properly come before the convention."

Three delegates and three alternates
to the convention are to be chosen
from each assembly district by the
assembly district committees, the no-
tice says.

CHAUFFEUR MURDERS BROKER'S WIFE, THEN SHOTS HIMSELF

Stonington, Conn., July 13. — A cor-
oner's inquest into the murder of Mrs.
Arthur E. DeCordova, wife of a wealth-
y New York broker, by her chauff-
eur, Bernard E. Geisler, on a country
road in North Stonington on Mon-
day afternoon, was conducted today
by Franklin H. Brown of Norwich.
Geisler shot Mrs. DeCordova
and then turned the gun on himself,
dying early this morning at a New
London hospital.

The inquest occupied the greater
part of the day and many witnesses
were examined. Coroner Brown stated
late this afternoon he found a clear
case of murder and suicide on the
part of Geisler.

ALLIES AND GERMANS AGAIN ARE DEADLOCKED

Spa, Belgium, July 13. — A dead-
lock has been reached by the Allied
representatives and the Germans on
the coal question and Marshal Foch
and Field Marshal Wilson, the Allied
military chiefs, have again been sum-
moned to discuss possible enforcement
measures.

Women Take Up Arms For Defense Against Soviet

Warsaw, July 13. — Women are
reported to be taking up arms for the
defense of Vilna, toward
which the Bolsheviks are driving
along the railway from the north-
east. Word has been sent out
that Vilna must be held at all
costs.

NEW COAL ORDER IS EXTENDED 30 DAYS

Gives Eastern Coal Mines Pre-
ferential Treatment; Original
Order Amended

Washington, July 13. — Extension
for 30 days of the order giving prefer-
ential distribution of open-top cars to
coal mines east of the Mississippi was
ordered today by the Interstate Com-
merce commission in an effort to solve
the coal transportation problem. The
original order would have expired on
July 21.

Three-fold amendment of the order
also was made by the commission,
which in a letter to Daniel Willard,
chairman of the advisory committee of
the Association of Railway Executives,
suggested that the carriers prohib-
it more than one reconsignment of
cars, load-ditch with coal.

The amendments to the original
order provide:

That the railroads must place an
embargo against consignees failing to
unload open-top cars within 24 hours
after delivery.

That railroads may assign cars with-
out regard to existing ratings for the
mines, so as to provide fuel for cur-
rent use to public utilities and public
institutions.

Coal cars are defined not to include
flat bottom gondolas, with sides less
than 36 inches high, inside measure-
ment, or cars equipped with rack, or
which on June 19 last had been re-
tired from the coal movement and stan-
dardized or tagged for other service.

Announcement of the commission's
changes came almost simultaneously with
the adjournment of the coal oper-
ators' conference, which had been
attempting for two days to work out
a plan for supplying the Northwest.

The plan finally agreed on by the op-
erators will be submitted to railway
executives at New York tomorrow.

The operators' committee of seven,
headed by D. B. Wentz, president of
the National Coal association, left here
at midnight for New York. The plan
they will present to the railroadmen
proposes that priority be given coal
and coke shipments over all commodi-
ties except food, livestock and per-
ishables, with which the fuel shall
move on a parity. The plan, as ex-
pressed by a resolution adopted by the
conference, also demands enforcement
of existing priority orders in such man-
ner as may be necessary to supply suf-
ficient cars to run full time.

FEARING STRIKERS, TROY CITIZENS ASK PROTECTION

Troy, July 13. — Mayor McDonald of
Cohoes was asked this afternoon by a
committee of citizens, independents of
the union and manufacturers, to call
for the state police to protect the pub-
lic, in case of trouble growing out of
the strike of textile workers, more
than 1,000 of whom are on strike.

Mayor McDonald said he had not
made up his mind as to what action
he would take, adding that he would
not call out the troops until he was
sure the city department could not
handle the situation.

Pickets were placed on duty yester-
day at the plant and as the workers
passed, they were jeered by the crowd.
The non-union men were placed in
automobiles and taken to their homes.
Neither the union or manufacturers
would consent on the proposal to send
the troops.

\$125,000 PAID FOR TWO-YEAR-OLD COLT

Acqueduct, July 13. — The highest
price ever paid for a two-year-old
horse in this country was recorded
here today when Samuel C. Hildreth
obtained Inchoape, a chestnut colt by
Friar Rock Ross, of Gold for \$125,000.
An offer of \$100,000 made by Hildreth
after the colt's victory in the Tremont
stakes last Saturday was refused.

HORNELL WITHOUT COAL

Hornell, July 13. — Street car ser-
vice, which was shut down for half a
day because of the inability of the
Hornell electric company to get coal,
was partially resumed tonight. Elec-
tric light service also was supplied to
the business section. The company
borrowed two carloads of coal from
the Erie railroad in order to resume
service. According to the company,
the borrowed supply will be exhausted
tomorrow, and service may have to
be suspended again, as it is unable to
buy coal from the mines at any price.

BRITISH ADMIRAL CLAIMED

London, July 13. — Funeral services

WILSON'S VIEWS FORCED ON COX, HARDING SAYS

Democrats Told to Make
League the Dominant
Issue, He Asserts

REPUBLICANS WILLING Accept President's Challenge and Look to People, Harding De- clares in Statement

Marion, Ohio, July 13. — Senator
Harding charged in a statement to-
night that President Wilson had forced
the Democratic presidential and
vice presidential nominees to accept
his views that the league of nations
should become the dominant campaign
issue. The President's one concern, the
senator said, "the vindication of his
foreign policy," and he insists upon
"his issue regardless of cost or con-
sequence."

"The Republican party and candi-
dates gladly accept the challenge," the
statement said. "We are more than
willing to make the election a nation-
al referendum on the question
whether we shall have four years
more of the Democratic readiness to
surrender this republic."

The statement resulted from the an-
nouncement of Franklin D. Roosevelt,
the vice presidential candidate, fol-
lowing his conference yesterday with
Governor Cox, that his campaign
would be made chiefly on the league
issue.

Senator Harding's Statement.

"Columbus dispatches describing the
conference between the Democratic
nominees for president and vice presi-
dent on Monday say that 'Governor
Cox left it to the vice presidential nom-
inee to make known the conclusions
reached.' And thus authorized to speak
for both of them, the vice presidential
nominee 'stated that he considered
the league of nations one of the domi-
nant issues of the campaign, not only
in the East but in the West. He ex-
pects to make his campaign chiefly
on the league of nations issue.'"

"So we have the complete proof that
President Wilson has won and forced
acceptance of his paramount issue.
The party machinery has been taken
over by the Tammanians of New York,
New Jersey and Indiana, but President
Wilson has forced his issue on them.
He has but one concern, and that is
the vindication of his foreign policy,
first by his party, later by the country."

Democratic Party Harnessed.

"The Democratic campaign is going
to harness the party absolutely to the
administration policy of ratification
without protection to American inter-
ests. Should the Democrats win, the
league would be ratified and America
would become at once a party to the
twenty eight wars now going on in the
world. European leaders have re-
peatedly explained that it is impossible
for the league of nations to function
effectively so long as the United States
has not ratified. The obvious impli-
cation is that when the United States
ratifies, the league will proceed to set-
tle up these matters: to enforce its
authority in the conflict between Pol-
and and Russia, to settle the Adriatic
trouble, compel peace between Tur-
key and Greece, assume responsibility
for pacification of the whole Near
East and Middle East."

"All this cannot be done unless the
league employs force. America would
have to contribute its army and navy.
President Wilson has urged acceptance
of a mandate for Armenia, which the
Harbord commission found would re-
quire us to employ a great army and
pour our money by hundreds of mil-
lions. Congress overwhelmingly re-
fused and the country has stan-
dared it so insistently that even the
San Francisco convention did
not dare enforce the mandate.
Yet that mandate would hardly be
more than an intimation of the many
world-wide conflicts into which Amer-
ica would be projected by ratifica-
tion of the league without safeguard-
ing reservations."

Republican Party Accepts Challenge

"The President demands a cam-
paign on this issue. The Democratic
platform makes the issue paramount,
and finally the Democratic candidates
unqualifiedly acquiesce. The score and
more of Democratic senators who vot-
ed for the Lodge reservations are re-
pudiated, the real opinion of the Amer-
ican nation is flouted because the
President insists upon his issue re-
gardless of cost or consequences."

"The Republican party and candi-
dates gladly accept the challenge. We
are more than willing to make the
election a national referendum on the
question whether we shall have four
years more of Democratic readiness to
surrender this republic."

In order that he might have an op-
portunity to work on his speech ac-
cepting the Republican presidential
nomination, Senator Harding received
no callers today, but stole away to a
quiet part of his home, where he could
write without interruption.

He did confer briefly, however, with
Congressman Longworth of Cincin-
nati, who, with Mrs. Longworth,
daughter of former President Roose-
velt, spent the night at the Harding
home. Before departing later for Cin-

Cloudburst Results in Washington Fatalities

Spokane, Wash., July 13. — A
cloudburst struck southwestern
Washington and the Snake river
valley counties of Idaho about six
o'clock tonight, washing away
houses in about half a dozen
towns and carrying away railroad
tracks. Several fatalities were re-
ported at Moscow, Idaho, but the
town is cut off from outside tele-
phone communication.

REVOLUTION BREAKS OUT IN BOLIVIA

Government Headed By Guerra
Overthrown and President and
Cabinet Members Imprisoned

Lima Peru, July 12. — A revolution
has broken out in Bolivia, according to
dispatches received late today from
La Paz.

The government headed by Presi-
dent Jose Gutierrez Guerra has been
overthrown and the president and
members of his cabinet have been
made prisoners.

Bautista Savendra has assumed pow-
er, being supported by the army, and
is said to have appointed Jose Carras-
co, former Bolivian minister to Brazil,
chancellor.

Newspapers here, commenting on
the news, say the revolution is a
"crushing defeat of the pro-Chilean
policy pursued by the Bolivian gov-
ernment, and vindicates the commu-
nity of interest existing between Peru
and Bolivia."

Jose Gutierrez Guerra was elected
president of Bolivia on May 7, 1917.
The government which has been over-
thrown was formed on March 15, 1920.
Bautista Savendra was formerly min-
ister of public instruction, having been
appointed to that office August 13,
1919.

The question of a seaport for Bolivia
has been pressed to the front by Bol-
ivia recently, and Peru has charged
that Chile was working in conjunction
with the Bolivian authorities to obtain
such a port at Peru's expense.

No Official Report.

Washington, July 13. — Neither the
state department nor the Bolivian leg-
ation has received any reports of the
overthrowing of the Bolivian govern-
ment.

The fact that the reported over-
throw of the government came from
Lima was regarded by officials as sig-
nificant. They explained that Bautista
Savendra had led a pro-Peruvian move-
ment in La Paz and that on several
former occasions he had sent out
alarming reports about the growing
hostility in Bolivia toward Chile re-
garding the question of a seaport out-
let for Bolivia.

APPEALS TO WAR VETERANS

Senator Underwood, in Address to
Rainbow Division Reunion, Urges
Them to Be Leaders of Republic.

Birmingham, Ala., July 13. — De-
claring that "the government has be-
come the football of the partisan and
the desire of the plunderer," United
States Senator Underwood, in an ad-
dress today at the reunion of the Rain-
bow division, pleaded with the World
war veterans to become leaders in the
fight against dangers which he said
are threatening the life of the repub-
lic.

"Business is uncertain in the grip
of heavy taxation and our commerce
halts under the limitation of transpor-
tation," Senator Underwood declared.
"Men are flocking to the great cities
for high wages, and the farms be-
lieve for want of labor. The war
profiteer glories in his
new wealth and the high cost of liv-
ing threatens the humble home. The
rule of even-handed justice is en-
dangered and legislation for special
class is the demand of the hour. An-
archy threatens. Write down the
law and the law."

Men of the Rainbow

who served and sacrificed on the
battle as volunteers at your coun-
try's call, are you really mustered out
of your country's service, or have you
been furloughed to serve and sacrifice
again as citizens of the republic for
the honor of our country, the glory of
our flag and the safety of our common
heritage?"

WEST PRUSSIA FOR GERMANY.

Berlin, July 13. — Official figures
announced here today in connection
with the plebiscite in West Prussia as
regards the determination of the
boundaries of Poland and West Prus-
sia, showed a vote of 95,599 in favor
of Germany and 7,977 in favor of Pol-
and.

LEGION ENDOWMENT FUND

Paris, July 13. — The Paris post
of the American legion has decided to
raise a five million franc endowment
fund. The money will be used to carry
on the activities of the post, includ-
ing aid to former soldiers who return-
ed to France.

Cincinnati, Mr. Longworth announced
that he had discussed the political sit-
uation with the Senator, with whom,
he said, he was in absolute agreement
on the issues involved.

As a result of his day in seclusion,
the Senator made rapid progress on
his speech and he plans to devote most
of tomorrow to it, as he has no op-
portunity to speak today.

LEADERS TRY TO MAKE NEW PARTY A UNIFIED POWER

Unable to Get Report
on Platform, Conven-
tion Adjourns

NARROWLY MISS BREAK

Different Factions of Third Party
Have Widely Divergent Views
on Party Principles

Chicago, July 13. — Unable to get
a report from its platform committee,
the new party convention adjourned
at 10:30 o'clock tonight until 9:30
tomorrow morning. Platform and selec-
tion of candidates will be the order
of business then.

Leaders of the new party, born to-
day, were striving desperately tonight
to solidify the strength of the minor
groups, from which it came, into a
unified power of politics.

Early moments of the new party's
life were fraught with menacing situa-
tions. The joint chairman of the
labor party and the committee of 45
battled for hours to keep the jealousies
and distrust of the rival groups sub-
merged and the road open for the
transaction of business.

Several times in the long drawn out
afternoon session, a break appeared
not far away. Peace makers were
called to the platform several times
and by their appeals to the common
aims of the delegates staved off at
least temporarily the movement toward
a break.

Resolutions Committee Struggles.

Faced with the task of restoring
their platform to fit the candidate,
the resolutions committee struggled
tonight to compromise widely diver-
gent views into a comprehensive state-
ment of political principles satisfac-
tory to Senator Robert M. La Follette.
The Wisconsin senator "wants to lead
the new party." Chairman Parley
Christianson of Utah told the delegates
before they adjourned. The dele-
gates had waited several hours to
adopt a platform and to select a lead-
er when Christianson's announcement
made it evident there was no hope of
the platform committee reaching com-
mon ground tonight.

Nuxated Iron Will Increase Strength of Delicate People In Two Weeks Time

Many instances have been cited for years where delicate people, who were weak, thin, listless and run-down when they first took Nuxated Iron, have become strong and healthy in two weeks time. If you are one of these delicate people, who are run-down, thin, listless and who are ill for no other reason than the lack of iron, the most iron is supplied in a single dose of Nuxated Iron. Without the iron in the blood, the power to change food into living tissue and therefore nothing you eat does you good; you don't get the strength out of it. Your food merely passes through your system like corn through a mill with the rollers so wide apart that the mill can't grind. As a result of this, the delicate people, who are run-down, thin, listless and who are ill for no other reason than the lack of iron, become strong and healthy in two weeks time. CUBS TRIM ILION 8-5

DAVIS TWIRLED EFFECTIVELY
SAVE IN ONE BAD INNING.

Given Fine Support by a Stronger Infield Which Played Well Together—Madlin Also Had One Inning, Netting the Cubs Five Runs.

Weidman's Cubs took a brace yesterday and won from Ilion in the game at Neahwa park by timely hitting coupled with good fielding work. Davis was on the mound for the locals and while he was found in one inning, the fourth, for several hits which netted the visitors four runs, thereafter he was well high invincible and was going strong after the sixth and even stronger in the ninth, when he had all sorts of twisters curving about and speed to burn. He was ably supported by Boylan who worked hard and caught a fine game throughout and also banded out a couple of safeties, one of which was a two bagger.

His support in the field was also of the gilt edged variety, but one error being charged against either the in or outfield, and that against one whose work shone brilliantly and

whose fielding is par excellent uniformly. Marone played a strong game at first, running into the pile of lumber back of first to be placed in the new bleachers being constructed and capturing a difficult foul fly, getting a good hand. On the second attempt he banded his ankle against the end of a timber and later he had the misfortune to get spiked by a base runner and when the game seemed safely on ice, he was relieved by Brown.

Madlin twirled for the visitors and missed them up well, but in the sixth he lost for a time the location of the plate and filled the bases with the first three batters up. With this assistance and the aid of some good stick work the Cubs pulled out five runs, which should have been more but for some poor base running. The Cubs had previously gathered one in the second and two in the fourth.

The visitors manifested some resentment at one decision on a ball which they thought was a strike at a critical time in the game and as the batter sent out a safe single shortly after, bringing in a run or two, they were peeved. No man can umpire without occasionally missing a sharp break at the plate. Brodie's reputation as a fair umpire, desirous of seeing that both pitchers and batters get what they earn is too well established to be justly questioned.

There was some good fielding done by the visitors, notably a drive captured close to the left field line by Shortstop VanAlstyne. The game was an interesting one to watch and good plays were uniformly applauded whether made by home players or visitors.

The next game on the home grounds is on Thursday, at 4:15, with the Imperials of Binghamton, the third of the money series. Following are the tabulated figures of the contest of yesterday.

DEALINGS ON STOCK

High-Grade Oils About Only Issue to Show Material Gains At the Irregular Close

New York, July 13. — In its salient features, trading on the stock exchange today was largely a repetition of the preceding session. The instability of prices indicated that last week's unexpected advance had not been thoroughly assimilated.

Dealings were contracted, but the gyrations of several of the more speculative issues, which fluctuated within an area of five to almost ten points, afforded further proof of the obvious, professional character of the market.

High grade oils were about the only issues to show material gains at the irregular close, steels, equipments, rails, shippings, motors, and numerous miscellaneous specialties, yielding variably in the general offerings of the last hour.

Financial, industrial and commercial advices, so far as they pertained to quoted values of securities, were again perfunctory or negative. Call money was freely available at eight per cent, that ruling throughout the day, but additional withdrawals of local reserves by banks at crop centers reduced the supply of time funds to a minimum.

Transportation conditions at nearby points improved to a limited extent, but the freight blockade, coupled with the fuel shortage, offered only slight relief to manufacturers of steel and kindred products.

Another moderate reaction in British exchange was accompanied by reports that England had assumed the greater part of the Anglo-French loan, but the fiscal agents of the British government were without advices on the subject.

Domestic bonds, including Liberty issues, were irregular. Old U. S. bonds were unchanged on call.

HARTWICK NEWS.

Rebels to Hold Supper Thursday—Overall Factory Resumes.

Hartwick, July 13. — The Rebels of this village will hold a twenty-five cent supper at the I. O. O. F. hall on Thursday evening of this week, from 5.30 until all are served. A very attractive and appetizing menu has been prepared and it is hoped that the supper will have a large patronage.

Overall Factory Resumes Work.

After a week's vacation, the Riverside Manufacturing company's branch factory in this village resumed work on Monday morning with every man

chine working. Since the close of school there have been many new workers enrolled, and there is now quite a waiting list for machines. This has resulted in the need of an assistant foreman, and Rose Talmadge of Oneonta has arrived to fill that position. The work turned out at this factory is considered to be some of the best work done by the Riverside plant.

In Camp at Arnold's Lake.

Mr. and Mrs. O. W. Murdoch, and two sons, Robert and Douglas, and Mr. and Mrs. W. C. Wells, left Sunday for a week's vacation at camp on Arnold's lake.

Burial of Mrs. Perry Field.

The body of Mrs. Perry Field was brought here yesterday for burial, from Providence, R. I. Interment was made in Hartwick cemetery. The body was accompanied by Mr. Field and by Mrs. Oessian Field of Brooklyn, Mr. and Mrs. Eugene Field of Poughkeepsie and Mr. and Mrs. Smith of Provi-

dence. Mrs. Field is survived by her husband, a son, Eugene Field of Poughkeepsie, a daughter, Mrs. Smith of Providence, R. I., a sister, Mrs. Oessian Field of Brooklyn, and several brothers of Jefferson and Stamford. Before her marriage Mrs. Field was Miss Ada Taylor of Stamford. At the time of her death she was 68 years of age. Mr. Field is the brother of Fred Field of Hartwick.

AT WEST ONEONTA.

Mr. and Mrs. Edward Francis Entertain Sunday School Classes.

West Oneonta, July 13. — Mr. and Mrs. Edward Francis entertained their Sunday school classes, the Junior Philistines and the Willing Workers, of the First Baptist church at their home Friday evening. A fine supper was served and a very pleasant evening passed by all who were present.

Over fifty years ago a young physician practiced widely in a rural district and became famous for his uniform success in the curing of disease. This was Dr. Pierce, who afterwards established himself in Buffalo, N. Y., and placed one of his prescriptions, which he called "Golden Medical Discovery," in the drug stores of the United States so that the public could easily obtain this very remarkable tonic, corrective and blood-maker. Dr. Pierce manufactured this "Discovery" from roots and barks—a corrective remedy, the ingredients of which nature had put in the fields and forests, for keeping us healthy. Few folks or families now living have not at sometime or other used this "Golden Medical Discovery" for the stomach, liver and heart. Over twenty-four million bottles of this tonic and blood remedy have been sold in this country.

David C. Jarrold of Newark Visits Well Remembered Friends.

North Kortright, July 12. — We are persuaded to believe that North Kortright must be an attractive little place and the good people of this community worthy of remembrance. At least those who sojourn here for a time seem inclined sooner or later to return. "I always wanted to come back," said David C. Jarrold of Newark, N. J., who has been a guest several days at the home of J. A. Rowland, while calling on and visiting others in the neighborhood. When a young boy he resided here for 18 months with his uncle, the Rev. M. G. Jarrold, then pastor of the North Kortright United Presbyterian church.

He was received again with genuine pleasure though few recognized the tall, well groomed young man as the chubby little boy of 15 years ago. He holds a responsible position with a Newark firm handling mason's supplies and has been connected with this company the past ten years.

Where Is the "Nigger?"

Now that the canning season is here, housekeepers would like to use sugar freely in saving a considerable quantity of the plentiful crops of berries for winter use, but the exorbitant price of sugar forbids. It is retailed here at 28 cents a pound. Local dealers are not at fault for this extortion, as they make only a small profit, but

Goodyear Skill—as Represented in Tires for Small Cars

The high relative value built into Goodyear Tires, of the 30 x 3, 30 x 3½ and 31 x 4-inch sizes, results directly from the extraordinary skill and care applied to their manufacture.

To make their quality available widely, Goodyear operates the world's largest tire factory devoted to these sizes.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking one of these sizes, you can equip it with Goodyear Tires at our nearest Service Station.

Go there for the exceptional value in these tires, made possible by Goodyear's resources, experience and demonstrated expertness in tire manufacture.

HOW THE TREES COME ON.

Residents of Otsego, who more perhaps than those of any other county of the state have shown interest in tree planting, will be interested in a definite report of experimental planting made by the New York State Ranger school at Wanakena, which in the past four years has planted a school forest with a total of 150,000 trees.

"After four years," says Director Robert Craig Jr., "it is now possible to begin to give dates and results of the various planting campaigns, as seen by studies of sample plots. The planting of spruce has been extensive, because the tract is in a section where spruce has grown native, and it is in the region subsidiary to the great state paper mills. In 1917, for instance, out of 27,000 trees planted, 12,650 were spruce. The statistics show that an average of 23 per cent of those planted are still living. The entire planting of 1918, except less than 1,000 pines, was spruce, 26,000 being planted, and 85 per cent of the spruce are living, with all of the pines. Of the 29,000 trees planted in 1919, 36,000 were spruce, and the percentage living is 84.8, with 100 per cent of the pines.

This spring's planting was 7,600 white pine, 16,000 Scotch pine, 18,950 Norway spruce and 14,500 Norway pine. One great value of the keeping of these records will be to ascertain the conditions under which the lowest rate of mortality of the young trees has been attained, and also studies of the rate of growth will be kept from year to year, so that paper companies or private individuals interested in economic planting may be kept informed as to the best methods of securing productive forests. The planting is under all sorts of conditions, favorable or unfavorable, to secure the best information possible as to growing conditions.

These figures hold out liberal encouragement to the Otsego advocates of reforestation.

SPECIAL FEDERAL TAXES.

Millions of dollars will be added to the revenues of the government at Washington from the returns from special taxes which will be due on Saturday, July 31. These taxes include a multiplicity of details, among them being taxes on brokers and pawnbrokers, museums, theatres and concert halls, manufacturers of tobacco, manufacturers of better imitations and many others. Heavy penalties, running as high as \$10,000 are imposed for failure to pay. And in addition returns of the capital stock tax must also be filed by the end of the month.

As regards the capital stock tax, it is \$1 on each \$1,000 of the fair average value of the stock above \$5,000. Brokers pay from \$50 a year up to \$100, a special tax of \$100, and theatres, museums and concert halls are taxed according to seating capacity, running from \$50 for 250 seating capacity to \$200 where the seating capacity is in excess of 500. The special tax on circuses is \$100. Bowling alleys and billiard rooms pay \$10 on each alley or table and shooting galleries pay \$20. Persons renting automobiles for hire must pay \$10 on each car having seating capacity of not more than seven and of \$20 when the seating capacity is greater. The tax on pleasure boats yachts etc. is rated according to the length of the vessel.

None of these taxes are separately very great, but the aggregate is very large and will add materially to the revenues of a government which needs all the money that it can get to sustain its various activities.

IT ISN'T THE SAME THING.

Sugar Can Be Made of Sawdust — But It's Different.

Referring to a recent, widely-publicized announcement that sugar can be made from sawdust, and that for this reason the end of high prices is at hand Dr. Louis L. Wise, who is professor of forest chemistry, says it can be done just as sugar can be made from corn and many other vegetable substances. But, and here is the important thing, the sugar so prepared chemically is dextrose, or glucose, and must not be confused with the sugar of the breakfast table. The cane or beet sugar is sucrose, and it cannot be prepared from sawdust or corn, either commercially or in the laboratory.

"The commercial production of glucose from sawdust and other sources probably merits thorough investigation," says Dr. Wise. "On the other hand, it should be clearly understood that glucose is not cane sugar and that the term 'sugar' as commonly used by the layman refers to sucrose or cane sugar. There are many sugars. In fact, they comprise a most important group of organic compounds, and different species of trees have produced different sugars."

Doubtful.

COMMENTS OF THE PRESS

An Impossible Job.

Gov. Coolidge, if seated in the cabinet as vice president, would occupy a position novel in American government but familiar to British experience as that of a minister without portfolio. Every other member, being the head of a separate department, would have a definite responsibility. But it would be quite too much to hold the vice president responsible for the good behavior of the cabinet, that would be an impossible job either for men or for angels.—(Springfield Republican)

Teachers' Salaries.

The fact that teachers' salaries have not kept pace with salaries in other lines is everywhere accepted as the reason why the profession is no longer attractive to the people fit to enter it. Not even the short working week and the long summer vacation offer enough to outweigh the disadvantage of under pay. The only way out of the difficulty is to remove restrictions and inequities and to bring salaries for both sexes up to a dignified and worth while standard.—(New York Tribune)

Jefferson Up to Date.

It was a demonstration of democratic spirit for Thomas Jefferson to go on horseback to his inauguration. At present in order to show his full sympathy with popular ideas of travel, it might be necessary for the newly elected president to drive his own divvvy.—(Washington Evening Star)

The Way to Reform.

A lot of solemn enthusiasts have long tried in vain to amend the old-fashioned, cumbersome political convention system to something more time-saving and efficient. If the humorous convention reporters continue their good work the public will laugh it into reform.—(Seattle Post-Intelligencer)

Price Fixing.

The news that collar manufacturers at Troy have got together and decided to put down the price of their product makes one wonder whether the price of collars is ordinarily fixed by agreement. If the price of collars can be lowered by mandate, what is to prevent it from being raised by the same process?—(Springfield Republican)

"No Doubt About Ohio"

For nearly four months now we suppose the rival party managers, between trembles, will entertain not the slightest apprehension as to the result in Ohio.—(Ohio State Journal)

Bergdoll.

The immunity of Bergdoll from capture is hardly less surprising than his escape. It may be that everything is being done to find him, but the failure of the effort so far makes the government ridiculous. It is something to have his accomplices brought to book. Their offense is only less than his. Nevertheless, this malodorous scandal should never have been possible.—(New York Tribune)

New York Volunteers' Reunion.

The forty-fourth annual reunion of the 121st New York Volunteer Infantry will be held at Ithaca on July 27th with headquarters in the hall occupied by the Woman's Relief Corps. An excellent program has been prepared, including several prominent speakers a business session and dinner.

It is expected that Lieutenant James H. Smith of Chicago will be present, bringing with him a set of the views which he has collected in his far-reaching journey. The business session will be held in the Woman's Relief Corps hall at 11 o'clock standard time, when reports for the year will be read and committees appointed, after which dinner will be served by members of the Woman's Relief Corps. The camp-fire will commence at 2 o'clock, during which there will be an address by the mayor of the city and a response by a member of the organization. There will also be an address by Mrs. Doan Robinson, sister of the late Theodore Roosevelt. Those who attend are advised to take the car leaving Oneonta on the Southern New York line at 6:55 a. m. and the car leaving Ithaca at 6:00 p. m.

PROTESTING THE CARNIVALS.

Humane Agent in Binghamton Says They Endanger Public Morals.

Discussion of the immoral features of the various street carnivals which have exhibited in Binghamton in the last few weeks enlightened the session of the common council last night, says Tuesday's issue of The Press.

When an ordinance introduced by Alderman J. Lewis Weir at the last meeting to fix a license fee for the Ferris Shows to exhibit during the week of August 9 at Emma and Main streets, came before the council, Alderman Weir asked the privilege of the floor for representatives from the western part of the city. After the character of shows which have recently appeared here had been discussed, Alderman Weir asked consent to withdraw the proposed ordinance, which was unanimously granted.

Humane Agent Samuel J. Koerber, who was the first speaker, said Binghamton had permitted several carnivals this spring and their influence on the morals of the young had been bad. During the last two weeks he had investigated the cases of two girls in Johnson City, one 15 and the other 19 years old, he said, whose downfall could be directly charged to the appearance of the carnivals. Johnson City and Endicott were not placing carnivals at the doors of Binghamton, he said, and he believed it unfair for Binghamton to locate them on the boundaries of Johnson City. He did not believe that any fraternal society would ask the city to give a \$10 license fee to conduct a show that would subsequently cost the city several hundred dollars. He had six girls under observation whose downfall is traceable to carnivals in Binghamton, he declared.

"I say to you gentlemen it is time to draw the line on these things," he said. "It is time that the common council helped the Humane society and the police to protect the young people of the city."

TWO MEN JOIN NAVY.

Edward J. Cullen and Francis M. Ferris Are Latest Recruits.

Edward Joseph Cullen of 52 Main street has enlisted in the navy at the local recruiting station for a period of two years as apprentice seaman. He left for Syracuse yesterday where he will try final examinations, after which, if successfully passed, he will be sent to Hampton Roads, Va.

Francis M. Ferris of 398 Chestnut street has also enlisted at the local station for the summer school at the Jamestown Exposition grounds. Only men of officers' calibre are accepted at this school which opens today with a course including seamanship, splicing knots, boat drill and infantry drill and will continue until September first, the men receiving pay of \$50. He left yesterday for Syracuse to try final examinations, after which he will be sent to the Jamestown school. Information regarding the navy and its opportunities may be secured at the local recruiting station, Oneonta post office building.

Local recruiting officer, Albert Reager, left yesterday for Unadilla and Sidney on recruiting service, and will be in Chenango Forks and Greene today. On Thursday, Friday and Saturday he will be in Oxford and Norwich. Men between the ages of 17-35 who desire to enlist in the navy may do so by applying at the post office of the respective towns on the specified days.

Holding Wool for Higher Prices.

The sheep breeders of Chenango county met on Saturday at the court house in Norwich and after considering the general wool situation, and in particular the decreased price announced by the manufacturers, passed a resolution receding the above and other facts, and recommending that the wool growers of Chenango county form a wool pool and store their product in a central warehouse until such time as a price adequate to the expense of production can be secured. Under this plan says the Norwich Sun the wool will probably be stored at Norwich. The highest price at this time offered is 25 cents per pound.

CHARGED WITH BLACKMAIL.

A. W. Dayton Apprehended on Scaled Indictment Returned in June.

A. W. Dayton of Cooperstown Junction was brought to this city yesterday by Under-sheriff V. H. Michaels of Cooperstown on a bench warrant issued by District Attorney Person, based on a scaled indictment returned by the grand jury at the June term of the supreme court. He is charged with blackmail. He was taken before Justice Kellong, where bail was fixed at \$1,000. He deposited cash in that amount and was released.

News of his indictment will cause quite general surprise, not only in the vicinity of his home, but in the county, as he well known and has been generally considered an upstart and honorable citizen.

It is understood that the indictment is based upon a letter which he is accused of writing to Miss VanDeusen, an employee in the office of Dr. Daniel Luce of this city, in which she is threatened with prosecution if she fails to make certain settlement with him. According to the story of the alleged offense Dayton addressed a letter to Miss VanDeusen about last Christmas time, which she returned to him with some curt reply. Upon the receipt of this from her, it is alleged that he wrote the letter in which the threat is made and upon which the indictment is based. Her attorney and advisor in the matter has been John G. Johnson of this city. It is understood that a civil action against Mr. Dayton is pending in which she seeks to recover damages.

Societies Hold Picnic.

About two hundred people enjoyed the picnic of the Women's Home and Foreign Missionary societies of the First Methodist Episcopal church yesterday in Neahaa park. Several hours of pleasant conversation in the afternoon followed by a tasty and enjoyable supper afforded entertainment for the elderly folk, while the young people and children spent their time in playing games and visiting.

Preserving Time Needs

PLEASANT PRESERVING DAYS

It's a real pleasure to put up preserves if the housewife is properly equipped with the right kind of preserving time needs. Successful preserving starts with a fine kettle—the kind that will heat quickly and hold the heat—this saves fuel—saves the contents—saves time. We show excellent aluminum preserving kettles in several sizes—kinds that will give many years of service and make the housekeeper glad to own it. Every preserving utensil we sell is of the same high quality.

We also specialize on that high grade Aladdin White Enamel Ware and can furnish the kettles in enamel if that is preferred.

LOCAL MENTION.

—The D. & H. pay car arrived in Oneonta yesterday. The train service was paid last evening and the shipmen will receive their envelopes today.

—Additional bleacheries are being constructed back of the first base line at the Neahwa park baseball grounds to accommodate the crowds which are attending the games this season.

—A force of men is at work laying a concrete walk on the south side of Cedar street from Maple to Elm. This improvement is much needed on a street in such general use.

—After many delays, work has finally been commenced installing the new boilers in the engine room at the State Normal school. At present, men are engaged in removing the old boilers and it is expected that before long the new ones will be in place.

—The good weather yesterday gave the Sherman Contracting company an opportunity to push forward its work of paving Maple street, and good progress was realized on the construction from Main to Center streets. Residents of that street are looking forward to the early completion of the macadam.

—The attendance at the children's play grounds in Neahwa park continues very satisfactory, showing that the children appreciate the efforts made and the equipment secured for their amusement. The play grounds are also proving popular with picnickers and family reunions.

—None should overlook the fact that commencing tomorrow and continuing for several weeks the stores of members of the Merchants' association and doubtless of others will be closed at noon on Thursdays and remain closed for the day. This will give the clerks and other employees a half holiday during the heated term.

—Indications yesterday were decidedly encouraging that the repairs to the trolley tracks on Main street near Broad street would be speedily completed. Materials for the concrete work were gotten on the spot, work was commenced bending the rails and some concrete was made and laid. It is the intention, according to Supt. Kilien, to hasten the job to completion. It cannot be too speedily finished for the satisfaction of those who use the street at that point which includes about everybody in the city and every tourist passing through.

MAY SEEK AN INJUNCTION

TO PREVENT ERECTION OF GASOLINE STORAGE PLANT ON IMPORTANT CORNER.

D. E. Robinson Plans to Proceed with Project for Plant at Corner of Chestnut Street and Otsego River Road — Mr. Robinson Positive Alarm, if Any, Is Unwarranted — Injunction Idea Suggested.

Realizing that among many residents there is a conviction that the erection of a large gasoline storage plant at the corner of Lower Chestnut street and the Otsego river road would impair the value of realty in that section and might hinder building operations in that rapidly growing section, a committee from the Chamber of Commerce recently waited upon Mr. Robinson, the owner of the property, who has announced his intention to proceed with the plant for storage purposes only, to ascertain if he could not see it the wise course to place the storage tank upon a less valuable parcel of realty and avoid the antagonism the project might create.

Mr. Robinson is confident that the public has a wrong idea relative to the possible danger from such a plant and declared that it would not be possible for him to alter his plans at this time. He said that the tank would be surrounded by a building and that when completed the objection to it which have been heard would gradually disappear and that it would increase rather than impair the value of all adjacent property. He further urged that he had investigated sentiment among property owners in the immediate locality and they were quite uniformly of the opinion that the storage tank would in no sense be objectionable in the location proposed.

It is improbable that anything further will be done in efforts to dissuade him from the project, unless those who believe that it could be legally prevented unite in an effort to secure an injunction from the courts. There is a possibility also that the trolley company may appeal from the decision of the commission, as it was not thought after the hearing that the commission would order the siding constructed and the tank service given to that locality, some believing that even Mr. Robinson was surprised when a favorable decision was received.

SALVATION ARMY DRIVE.

Workers Still Busy and Money Coming in But City Still Short of Quota.

The women who have taken charge of the Salvation Army campaign in this city are doing good work, and money is coming in steadily. There is still, however, a considerable sum to be raised if even the minimum required for the regular budget of the Army is to be reached. The sum which was fixed upon as Oneonta's share was \$5,000, and the working budget allowance is \$3,500, which sum it is hoped at least to raise.

Inquiries yesterday developed the fact that several good reports had been received, but that there is still need for every effort if the minimum requirements are reached. That the women in the several districts, under the competent direction of Miss Biakely and Miss Christie, will not slacken their efforts is unquestioned. In the absence of Cashier Hemstreet of the Citizens' National bank from the city, who is treasurer of the campaign, it is not possible this morning to give exact figures. It may be said, however, that everybody is working zealously, and that they will need the aid of every generous citizen if the campaign is to be a success.

Farm Labor Much Needed.

The Oneonta Chamber of Commerce has received enrollment blanks and advertising material from the New York State Farm Labor committee urging vacationists to enroll as emergency farm laborers. There is a crying demand from all sides for berry pickers, cherry pickers, and assistants in the hay and grain fields. Parties who desire to help out in the emergency may secure enrollment blanks at the Chamber of Commerce offices. The Chamber has addressed to County Farm Agent R. H. Van Scoik a letter tendering its services in every effort that is being made to assist in supplying the demand for farm labor.

The Latest Fad.

Do as little as you can; get all you can, and spend all you can. Whoop-ee! It's what is called having a h—l of a swell time in foolishly blowing money to keep up with the Joneses, with no thought of the lean, weary and dependent years of old age and the kicks and cuffs that go with it. Well, I'm doing my best to help Uncle Sam in his work and save plan, in order to reduce the high cost of living, and am teaching a lot of people how to make small amounts roll up to millions of dollars, for homes, farms, old age, sickness or loss of a job. Better say kind things about and help me, for I'm now starting a new bunch of little fellows to thus roll up half a million more. Over 3,000 Oneonta people can tell you how I have safely helped them to make good. I am the safe and sane Oneonta Building and Loan association.

LEGION PLANS FOR THURSDAY.

LaGrange Bus Engaged for Conveyance of Members, Leaving at 8:30.

At the meeting of the American Legion last evening the final plans for the trip to Cooperstown on Thursday to attend the first annual gathering for the county were completed. Announcement was made that the omnibus of A. J. LaGrange has been chartered for the day. It will leave the Elks' home at 8:30 o'clock, new time. Those members having their own cars or those of others are urged to meet there at the same time and leave the city together.

The session will open at the court house in Cooperstown at 10:30 o'clock for the business session. The party will assemble at the dock at 1 p. m. for a steamboat trip around Otsego lake. The party will halt at Three Mile Point, where a shore dinner will be served at 3 o'clock.

After the dinner, Rev. Father Kelly, of Albany, chaplain of the division, will give an address. There will also be in attendance a representative of the bureau of war risk insurance and also a speaker from the vocational training board, both of whom will, in addition to making short addresses, be ready to answer any questions that may be presented by members.

Returning, the omnibus will leave Cooperstown for Oneonta at 7 p. m. It is announced that the families of members or friends of members will be welcome to accompany the party on the trip. The price of tickets is \$1.50. They are in the hands of members. With favorable weather a large attendance of members of the legion is expected.

Letter Took a Long Journey.

Mrs. Samuel Mahaffy of 53 Maple street received on Monday a letter from her sister, Mrs. William Logan of New York, which had been mailed in New York on April 5. The postmarks revealed that the three months the letter took to get here were consumed in a journey to New Zealand. The "Y" in "Oneonta, N. Y.," so much resembled a "Z" that the letter had been sent to New Zealand, reaching Wellington on May 24. When it was found there was no such place in that country, the letter was brought back to New York and mailed on to Oneonta, N. Y.

CHAUTAUQUA TICKETS SCARCE.

Less Than a Dozen If Any Remained Unsold Last Night.

According to the best information obtainable last evening there remained less than a dozen Chautauqua tickets unsold. If a very limited number are obtainable today they will be found in the hands of two or three guarantors, each of whom reported three or four unsold Monday evening, but from whom no report was obtainable last night.

Certainly any who have filled at this hour to have their tickets in hand or reserved by one of the guarantors have only themselves to blame as announcement was made early that but \$1,500 worth of the tickets would be sold as per the contract made with the company and repeated warnings have been given that they were being rapidly absorbed.

The guarantors, who from year to year assume a personal responsibility in order to bring the Chautauqua to this city for our citizens to enjoy, all of whom pay for their own tickets and receive no return except the privilege of enjoying the entertainments, should and cannot within reason be expected to canvass the city urging people to buy the best bargain in the way of entertainment the year affords.

"Y" Volley Ball Tournament.

The Y. M. C. A. will this summer hold a boy's volley ball tournament on the tennis court. Three teams of ten boys each will compete. The captain of the first team is Gerald Lee; the second team, Clarence Preston, and the third, Maxwell Morris.

All the "Y" boys are urged to be out for practice Thursday night at 6:30. The first game between teams one and two is called for next Tuesday night. All boys who are "Y" members are eligible for the teams.

Brass bed and springs, ice box, tables, chairs, and several other articles for sale. Inquire at Griffin's grocery, 65 Church street.

PLAINS LAD STRICKEN.

Albert Kenneth Tripp Succumbs to Heart Disease Yesterday.

Albert Kenneth Tripp, son of Mr. and Mrs. Eugene Tripp of the Plains, died suddenly at the family home yesterday morning, although he had been ailing from heart disease for some time. He had a critical illness last March and although he rallied and was about and able to participate in play and light work about the house and yard, the parents had been advised that he would probably never be well again. He seemed usually well yesterday morning, but later when about to pass from one room to another, fell to the floor and expired with scarcely a breath after his father had lifted him to the couch nearby.

The funeral services will be held from the home on Thursday at 2 p. m. Rev. P. M. Luther, the family pastor, will officiate and interment will be made in the Plains cemetery. The lad was 12 years of age. Beside the parents he leaves two brothers and three sisters, all residing at home. The family formerly resided at Lawersville. Albert was born here during a prior residence of 14 years. After eight years at their old home they returned to Oneonta again only about a year since. Much sympathy will be felt for the family.

Funeral of C. D. Youngman.

The funeral of Charles D. Youngman of South Side was held yesterday at 2 o'clock at the home. Rev. E. M. Johns officiating. Interment was made at Glenwood cemetery, where the services were in charge of the Centennial lodge, I. O. O. F. Many beautiful floral pieces were sent by the neighbors and friends as well as members of the lodge and others.

COUNTY DEMOCRATS CONVENE

Delegates and Alternates Named at Cooperstown Yesterday — Administration and Nominees Strongly Endorsed.

Practically every township and election district of Otsego county was represented at the meeting of the Democratic County committee which was held at 1:30 yesterday afternoon at the court house in Cooperstown. Hon. Chester A. Miller of Oneonta, chairman of the County committee, presided and Charles J. Beams of this city was secretary. The principal business of the meeting was the election of representatives to the Democratic State conference, which will be held on Tuesday, August 3, at Saratoga Springs. The delegates and alternates are as follows:

Delegates—James J. Byard Jr. of Cooperstown, Edgar H. Salisbury of Hartwick, Almond Cramer of Cherry Valley.

Alternates—Jasper D. Fitch of Burlington, Mrs. Louella B. Clarke of Oneonta, E. Louise Tunnick of Richfield Springs.

On motion a special committee, consisting of Chester A. Miller, Charles J. Beams, C. M. G. Tennant, P. J. Gallagher and Shirley L. Huntington was named to recommend candidates for county officers to be voted for at the primary election.

A committee consisting of Messrs. C. G. Tennant, Jerome Ceperley and E. H. Salisbury offered resolutions commending in highest terms the administration of President Wilson and endorsing the nominees of the San Francisco convention, in particular, Hon. Franklin D. Roosevelt, who is the New York representative on the ticket.

Following the resolutions, brief speeches were made by George H. Carley of Cooperstown, William T. Welden of Richfield Springs, Almond Cramer of Cherry Valley, Jasper Fitch of Burlington and J. P. Friery of Schenectady. All the speakers spoke in high terms of the work of the administration during the past eight years and of the candidates selected by the National convention, and predicted party success at the polls in November.

A Proud Fisherman.

A. A. Masters, superintendent of the plant of the Canadian Locomotive company at Kingston, Ontario, and a former resident of this city, recently enclosed with a communication to this office a post card photo of a small fisherman with a big fish. The fisherman was formerly a resident of Oneonta, Joseph Leveille Jr., aged four years. The black bass he is holding up with effort looks to be half as long as the lad is tall. It was caught on the north shore of the St. Lawrence river in the vicinity of Kingston. It weighed 4½ pounds. Mr. Masters adds: "Advise any of the fishermen who can get away for a few days to come up soon and to bring a couple of soap boxes in which to carry a load of fish back home."

Additional Trip Daily.

Manager LaGrange of the Sidney-Oneonta bus line having received his new bus announces that he will make one additional trip daily, except Sunday, between the two places. The bus will leave Oneonta at 12:45 p. m., Otsego at 1:15 p. m., Unadilla at 1:55 p. m. and arrive in Sidney at 2:15 p. m. Returning, it will leave Sidney at 4:30 p. m. and arrive in Unadilla at 4:45, Otsego at 5:25 and Oneonta at 5:50 p. m.

DRIVES THIEF OUT OF HOUSE

Does Unadilla Man Who Later Finds His Trousers Were Carried Out.

Unadilla is having some experience with second-story thieves, two houses being invaded Sunday night last. Lee Cross, who resides on Main street in that village, was awakened Sunday night, finding a man in the house ransacking things. He arose and chased the man out of the house, but was unable to catch him. Later he found that his trousers had been carried out of the house by the nocturnal visitor. They were found in the yard where they had been dropped, with the contents of the pockets, however, gone. Only a small amount of change was secured, as Mr. Cross had made up a deposit of \$50 or more ready for his wife to take to the bank Monday morning, which was not found.

The home of Ferdinand Gould on Maple avenue was entered the same night with the aid of a ladder found in the yard. The visitor carried off the pocketbook and watch of Mr. Gould and the purse of a daughter. The loss was not large. There is no trace of the offenders.

Called Home from Canada.

Treadwell, July 13.—Mrs. M. S. Greene of this village, who had been visiting friends and relatives in Canada, was called home yesterday by the serious illness of her mother, Mrs. Saunders, who suffered a stroke which affected her right side. Mrs. Saunders is in a weak condition and is being cared for by her daughter. Many friends will hope for a speedy recovery.

Dyspeptics Can Eat What They Like

If they take two or three Bisel's tablets immediately after eating. No matter how badly you may suffer from indigestion, dyspepsia, gas, flatulence or acidity—no matter how many medicines you may have tried without success—don't give up hope. Thousands who once suffered as you now suffer—who have tried everything without obtaining relief—now enjoy perfect health and can eat most anything without the slightest pain or discomfort. You can do the same if you will go today to your drugist and get a 30c package of Bisel's Tablets. Take two or three after each meal or whenever pain is felt and if you aren't delighted with the results you can have your 30c back for the asking. Don't wait, don't delay. Get Bisel's today and forget you ever had a stomach.

PROMINENT CITIZENS OF TORONTO DISAPPEAR

World-Wide Search Is Instituted For Missing Millionaire Theatrical Man and His Secretary

Toronto, July 13.—The double disappearance of Ambrose J. Small, millionaire theatrical man of this city, and his secretary, John Doughty, both well-known citizens of Toronto, has been one of the most mystifying cases in which the Canadian police have had to deal. Small has been missing since December 2 and Doughty since December 28, last.

The whole continent of America has been held for search by detectives for trace of the missing men, and circulars describing Mr. Small and offering rewards for the recovery of him, dead or alive, have been sent to almost every country in the civilized world.

Mr. Small had just put through a deal for the sale of his interests in a string of theaters in Canada at \$1,750,000 to a syndicate known as Trans-Canada Theaters, Limited, and a few hours before his disappearance, on December 2, he had received a check for \$3,600,000 in connection with the sale. This check he deposited in his bank. On that day he had had lunch with his wife downtown, and had promised her to be home to dinner in the evening. He had attended to some business late that afternoon and about 7 o'clock started for home, so far as is known. The last person known to have seen him was his favorite newsboy, from whom Mr. Small bought the evening papers.

The fact that Mr. Small was missing was not made public until three or four weeks had elapsed. In the first week in January, the first circulars asking for information as to Mr. Small's whereabouts were sent out by the local police authorities, and a reward of \$300 was offered. A short time afterward, the reward was increased to \$5,000. Then on the first of June, a reward of \$50,000 was offered by Mrs. Small for information regarding Mr. Small's whereabouts, if alive, and \$15,000 for the recovery of his body, if dead.

The mystery of Mr. Small's absence was accentuated by the disappearance of John Doughty, who had been his private secretary for many years. Doughty has not been seen or heard from, so far as the authorities are aware, since December 28, 1918. In June, 1920, the discovery was made that \$150,000 of Victory bonds were missing from the safety deposit vault where they had been placed by Mr. Small, and it was stated that Doughty had had access to the vault. Thereupon, circulars were issued offering \$5,000 reward for the arrest of John Doughty on a charge of having absconded with the bonds, and \$5,000 for Doughty's arrest on a charge of having stolen the missing Victory bonds.

By a special act of the Ontario legislature, Mr. Small was declared an "absentee," and a trust corporation of Ottawa was appointed trustee of Mr. Small's estate.

Picnic at Downie Home.

The Woman's Missionary society of the United Presbyterian church held a picnic yesterday afternoon at the home of Mrs. John S. Downie on the Reservoir road. Nearly 50 of the women of the church made the trip to the Downie home by auto and later a delicious picnic lunch was served. After an afternoon of social intercourse and entertainment, the guests returned home, thanking Mrs. Downie for her pleasant hospitality. The event was one of pleasure to all.

ULSTER WILL NEVER TOLERATE SINN FEINERS, CARSON SAYS

London, July 13. (St. The Associated Press).—Sir Edward Carson, the Ulster Unionist leader, declared today that in the face of what he described as the inability of the government to protect Ulster against the machinations of the Sinn Fein, "we will reorganize in our own defense the volunteers who left you such splendid help to maintain the empire during the war."

Sir Edward asserted that one of the greatest ambitions of the Sinn Fein was to penetrate Ulster, but he exclaimed "Come what will, we in Ulster will never tolerate the Sinn Fein or its methods."

He said that 20,000 persons had been added to the Orangemen's ranks during the past year.

SAY COAL SHIPMENTS DEPEND ON CAR SUPPLY

Operators Fail to Work Out Any Plan For Giving Northwest Its Next Winter's Supply

Washington, July 12.—Bituminous coal operators, meeting here today, failed to work out any plan to bring about immediate shipment of next winter's coal to the Northwest, although agreeing that the problem of obtaining the dumping of 4,000 carsloads daily until November at Great Lakes ports for movement to that territory hinged entirely on car supplies.

There was no indication that any concrete plan would be worked out at the joint conference of the operators and railroad executives at New York Wednesday.

General complaint was made by the operators that the railroads were not strictly obeying the Interstate Commerce commission's 30-day prompt order giving preference to the mines in the assignment of open-top cars.

Two proposals for solving the coal problem were rejected by the operators after having been suggested by a committee named by the general conference. Establishment of a zone system, restricting the sales territory of the operators with a view of shortening car mileage, was rejected after operators had complained that such a plan would cause them to break contracts. The other proposal, for a division of the coal supply for the Northwest among mines in Ohio, Western Pennsylvania, West Virginia, Illinois and Indiana, also was rejected after the meeting had been informed that contracts have already been made for all of the Northwest's supply.
